러 정부, 수출 금지(제한) 품목 500개 발표

- 올해 말까지, 수출금지 219개 품목 / 수출제한 281개 품목 대상
- 단, Made in Russia 제품은 적용 제외 (주로 외국산 장비 등 대상)

- 산업통상자원부(장관 문승욱)는 지난 3.9(수) 러시아에서 발표한 수출 금지 및 제한 조치 관련 대상품목 상세 리스트를 입수하여 분석한 결과를 발표함

※ 러시아 제품 및 원자재 수출 금지 및 제한 조치

- ① (조치목적) 제품 및 원자재의 러內 공급 부족 및 가격 상승 방지
- ② (적용기간) 2022. 3.10부터 22.12.31까지
- ③ (대상국가) EAEU*회원국, 압하지야**, 남오세티아***제외한 모든 외국
 - * (EAEU) 러시아, 카자흐스탄, 벨라루스, 키르기스스탄, 아르메니아 등 5개국
 - * (압하지야) 흑해의 남쪽 연안과 캅카스의 남서쪽에 위치한 미승인 국가
 - * (남오세티아) 조지아에 위치, 사실상 독립 상태로 통치되는 지역이자 미승인 국가
- ④ (대상품목) 수출금지 219개 품목, 수출제한 281개 품목
 - * (금지품목) 러 관세청 수출 통제 219개 품목(예, 반도체소자, 전자IC 등)
 - * (제한품목) 러 산업통상부, 천연자원환경부, 등 5개 부처에서 수출 허가를 관리하는 281개 품목
- ⑤ (조치내용) 대상품목에 대해 러시아 연방에서 대상국가로 수출 금지 또는 제한

※ 수출 금지 및 제한 조치 예외

- ① (공통 예외) ①러 영토를 원산지로 하는 상품, ②EAEU, 압하지야, 남오세티아, 도네츠크, 루간스크로의 수출, ③러시아 단순 경유 물품, ④해외 러軍 활동 보장을 위한 수출, ⑤국제 운송차량, ⑥개인에 의해 수출되는 개인용 상품 등
- ② (수출금지 예외) ①통관절차 완료 목적으로 세관지역에 수출된 상품, ②EAEU産 상품으로서 EAEU회원국 내 통관절차 진행 중인 상품 등
- ③ (수출제한 예외) 카자흐스탄에서 러 연방 활동 보장 목적으로 수출하는 상품

□ 한편, 금번 조치에는 러시아산 물품은 적용되지 되지 않는다는 예외 조항이 적시되어 있는데, 이에 대해 산업부는 주로 과거 수입산 제품·장비 등이 주된 대상으로 한다는 점에서,

- 최근 미국 등 서방의 對러 수출통제로 인해 앞으로 수입에 애로가 예상되는 물품 등 주로 현재 러시아 내 외국기업 소유 장비 등의 반출을 제한하기 위한 목적인 것으로 판단된다고 함

□ 한편, 산업통상자원부는 총 500개 대상 품목을 포함한 전체 문건에 대한 번역 작업을 진행 중이며, 1차관 주재 공급망 점검회의(3월중) 등 계기에 금번 조치 관련 국내 기업의 무역·투자 등 영향 등을 점검할 예정입니다.

【붙임】 수출 금지품목(219개), 수출 제한품목(281개) 리스트

4416 00 000 0	Barrels, kegs, vats, tubs and other cooperage products and parts thereof, of wood, including riveting
6804 22	Millstones, grinding stones, grinding wheels and similar articles, without supporting structures, intended for grinding, sharpening, polishing, fitting or cutting, hand-sharpening or polishing stones and parts thereof, of natural stone, of agglomerated natural or artificial abrasives or of ceramics, complete with or without parts of other materials
7017	Glassware for laboratory, hygienic or pharmaceutical purposes, graded or ungraded, calibrated or uncalibrated
7309 00	Tanks, cisterns, tanks and similar receptacles, of ferrous metals, for any substance (other than compressed or liquefied gas) of a capacity exceeding 300 liters, with or without lining or thermal insulation, but without mechanical or thermal equipment
7304 23 000	Ordinary drill pipes, other
7310 10 000 0	Tanks, barrels, drums, cans, crates and similar containers, of ferrous metals, for any substance (except compressed or liquefied gas) with a capacity not exceeding 300 liters, with or without lining or thermal insulation, but without mechanical or heat-engineering equipment with a capacity of 50 liters or more
7311 00	Containers for compressed or liquefied gas, of ferrous metals

HS Code EAEU	Item name*
8205	Hand tools (including diamond glass cutters), not elsewhere specified or included; blowtorch lamps; vises, clamps and similar articles, other than accessories and parts of machine tools or water jet cutting machines; anvils; portable forges; hand-or foot-operated grinding wheels with supporting structures
8207	Replaceable working tools for hand tools, with or without mechanical drive, or for machine tools(for example, for pressing, punching, cutting, tapping, drilling, boring, stretching, milling, turning or screwing), including dies for drawing or extruding metal, tools for drilling rocks or soils
8208	Knives and cutting blades for machines or mechanical devices
8209 00	Plates, bars, tips and similar articles for tools, not mounted on them, of cermet
8401	Nuclear reactors; fuel elements (fuel elements), unirradiated, for nuclear reactors; equipment and devices for isotope separation
8402	Steam boilers or other steam-producing boilers (except for central heating water boilers, which can also produce low-pressure steam); superheated water boilers
8403	Central heating boilers, other than those of heading 8402
8404	Auxiliary equipment for use with boilers of heading 8402 or 8403 (for example, economizers, superheaters, soot removers, gas recuperators); condensers for steam -water or other steam power plants
8405	Gas generators or water gas generators, with or without purification units; acetylene gas generators and similar gas generators, with or without purification units
8406	Steam vapor turbines and other steam turbines
8407	Internal combustion engines with spark ignition, rotating or reciprocating piston movement
8408	Compression-ignition reciprocating internal combustion engines (diesels or semi-diesels)

HS Code EAEU	Item name*
8409	Parts intended exclusively or principally for engines of items 8407 or 8408
8410	Hydraulic turbines, water wheels and their regulators
8411	Other turbojet and turboprop engines, gas turbines
8412	Other engines and power plant units
8413	Liquid pumps with or without flow meters; liquid hoists
8414	Air or vacuum pumps, air or gas compressors and fans; ventilation or recirculating exhaust hoods or cabinets with a fan, with or without filters; gas-tight biosafety cabinets with or without filters
8415	Air-conditioning units equipped with a fan with a motor and devices for changing the temperature and humidity of the air, including air conditioners in which humidity cannot be adjusted separately
8416	Combustion burners for liquid fuel, sprayed solid fuel or for gas; mechanical furnaces, including their mechanical grates, mechanical ash removers and similar devices
8417	Industrial or laboratory furnaces and furnaces, including incinerators, non-electric
8418	Refrigerators, freezers and other refrigerating or freezing equipment, electric or of other types; heat pumps, other than air-conditioning units of item 8415
8419	Cars, industrial and laboratory equipment with electric or non-electric heated (excluding furnaces, cameras and other equipment of item 8514), for the treatment of materials in the process with a change of temperature such as heating, cooking, roasting, distilling, rectifying, sterilization, pasteurization, steaming, drying, evaporation, condensation, and cooling, except machinery and equipment used for household purposes; water heaters or storage (capacitive), non-electric
8420	Calenders or other rolling machines, other than metal or glass working machines, and rolls for them
8421	Centrifuges, including centrifugal dryers; equipment and devices for filtering or purifying liquids or gases

HS Code EAEU	Item name*
8422	Dishwashers; equipment for washing or drying bottles or other containers; equipment for filling, corking bottles, cans, closing boxes, bags or other containers, for sealing or labeling them; equipment for hermetically sealing bottles, cans, tubes with caps or lids and similar containers; equipment for packaging or wrapping (including equipment that wraps goods with heat-shrinkable packaging material) other; equipment for carbonating beverages
8423	Weighing equipment (other than scales with a sensitivity of 0.05 g or higher), including counting or control machines operated by the gravity of the weight being weighed; counterbalances for all types of scales
8424	Mechanical devices (with or without manual control) for throwing, spraying or spraying liquids or powders; fire extinguishers, charged or uncharged; spray guns and similar devices; steam or sandblasting and similar throwing devices
8425	Hoists and hoists, other than skip hoists; winches and capstans; jacks
8426	Marine derrick cranes; lifting cranes, including cable cranes; mobile lifting trusses, gantry loaders and trolleys equipped with a lifting crane
8427	Forklift trucks; other trolleys equipped with lifting or handling equipment
8428	Machines and devices for lifting, moving, loading or unloading (for example, elevators, escalators, conveyors, cable cars) other
8429	Non-rotating or rotary blade bulldozers, graders, planners, scrapers, mechanical shovels, excavators, single-bucket loaders, tamping machines and road rollers, self-propelled
8430	Other machines and mechanisms for moving, planning, profiling, developing, tamping, compacting, excavating or drilling soil, minerals or ores; equipment for driving and extracting piles; plow and rotary snow plows

HS Code EAEU	Item name*
8431	Parts intended solely or principally for the equipment of items 8425 to 8430
8432	Agricultural, garden or forestry machinery for preparing and cultivating the soil; skating rinks for lawns or sports fields
8433	Machines or machinery for harvesting or threshing crops, including balers, balers for packing straw or hay; mowers or lawn mowers; machines for cleaning, sorting or sizing eggs, fruit or other agricultural products, other than those of item 8437
8434	Milking machines and apparatuses, equipment for processing and processing of milk
8435	Presses, crushers and similar equipment for the production of wine, cider, fruit juice or similar beverages
8436	Agricultural, horticultural, forestry, poultry or beekeeping equipment, including seed germination equipment with mechanical or heating devices, other; poultry incubators and brooders
8437	Machines for cleaning, sorting or calibrating seeds, grains or dry leguminous vegetables; equipment for the milling industry or for processing cereals or dry leguminous vegetables, other than equipment used on agricultural farms
8438	Equipment for the industrial preparation or production of food or beverages, not specified or included elsewhere in this chapter, other than equipment for the extraction or preparation of fats or oils of animal origin or non-volatile fats or oils of vegetable or microbiological origin
8439	Equipment for the production of pulp from fibrous cellulosic materials or for the manufacture or finishing of paper or cardboard
8440	Bookbinding equipment, including machines for stitching book blocks
8441	Equipment for the production of paper pulp, paper or cardboard products, including all types of cutting machines, other

HS Code EAEU	Item name*
8442	Machines, apparatus and accessories (other than those of items 8456 to 8465) for the preparation or manufacture of plates, cylinders or other printing plates; plates, cylinders and other printing plates; plates, cylinders and lithographic stones prepared for printing purposes (for example, turned, ground or polished)
8443	Printing machines used for printing by means of plates, cylinders and other printing plates of item 8442; other printers, copiers and fax machines, whether or not combined ; parts and accessories thereof
8444 00	Machines for extruding, pulling, texturing or cutting chemical textile materials
8445	Machines for preparing textile fibres; spinning, weaving or twisting machines and other equipment for the manufacture of textile yarns; cocoon-winding or coiling (including weft-winding) textile machines and machines preparing textile yarns for use on machines of items 8446 or 8447
8446	Weaving machines
8447	Knitting machines, knitting and stitching machines, for making braid, tulle, lace, embroidery, braiding or netting, and tufting machines
8448	Auxiliary equipment for use with machines of items 8444, 8445, 8446 or 8447 (for example, lifting carriages, jacquard machines, automatic stopping mechanisms , shuttle changing mechanisms); parts and accessories intended exclusively or mainly for machines of this item or of items 8444, 8445, 8446 or 8447 (for example, spindles and flyers, needle sets, combs, spinners, shuttles, weaving healds and heddle frames, knitting needles)
8449 00 000 0	Equipment for the production or finishing of felt or felt or nonwovens in a piece or in a cut, including equipment for the manufacture of felt hats; dummies for the manufacture of hats
8450	Washing, household or laundry machines, including machines equipped with a wringer

HS Code EAEU	Item name*
8451	Machinery (other than machines of item 8450) for washing, cleaning, wringing, drying, Ironing, pressing (including presses the thermosetting materials), bleaching, dyeing, gumming, finishing, applying coating or impregnating textile yarns, textile materials or made-up textile articles and machines for applying the paste to the base fabric or other support, used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or perforation textile materials
8452	Sewing machines, other than machines for stitching book blocks of item 8440; furniture, bases and cases specially designed for sewing machines; needles for sewing machines
8453	Equipment for the preparation, tanning or processing of hides or skins, or for the manufacture or repair of shoes or other articles of hides or skins, other than sewing machines
8454	Converters, ladles, mills and foundry machines used in metallurgy or foundry production
8455	Metal rolling mills and rolls for them
8456	Machines for processing any materials by removing material using a laser or other light or photon beam, ultrasonic, electric discharge, electrochemical, electron beam, ion beam or plasma arc processes; water jet cutting machines
8457	Machining centers , single-position and multi-position aggregate machines, for metal processing
8458	Lathes (including multi-purpose lathes), metal-cutting machines
8459	Metal-cutting machines (including linear aggregate machines) for drilling, boring, milling, cutting external or internal threads by removing metal, other than lathes (including multi-purpose lathes) of item 8458
8460	Machines for roughing, grinding, grinding, honing, lapping, polishing and for performing other operations of finishing metals or cermets by means of grinding stones, abrasives or polishing agents, other than gear-cutting, tooth-grinding or tooth-finishing machines of item 8461

HS Code EAEU	Item name*
8461	Longitudinal-planing, transverse-planing, slotting, broaching, gear -cutting, tooth-grinding or tooth-finishing, sawing, cutting and other machines for processing metals or cermets by removing material, not elsewhere specified or included
8462	Machine tools (including presses) metalworking machines (including presses, slitting lines and cross-cutting lines), bending, edge-bending, regular, cut-off, punching, notching or cutting machines(other than rolling mills); metalworking machines (including presses, slitting lines and cross-cutting lines). die-cutting machines (other than drawing machines); presses for working metals or metal carbides, not specified above
8463	Machines for processing metals or cermets without removing material other
8464	Machines for working stone, ceramics, concrete, asbestos cement or similar mineral materials , or for cold working glass
8465	Machines (including machines for assembling with nails, staples, glue or other means) for processing wood, cork, bone, hard rubber, hard plastics or similar hard materials
8466	Parts and accessories intended exclusively or mainly for equipment of items 8456 to 8465, including attachments for fixing tools or parts, self-opening thread-cutting heads, dividing heads and other special attachments to equipment; attachments for fixing working tools for all types of hand tools
8467	Hand tools, pneumatic, hydraulic or with integrated electric or non-electric motor
8468	Equipment and apparatuses for low-temperature soldering, high-temperature soldering or welding, whether or not suitable for cutting, other than machines and apparatuses of item 8515; machines and apparatuses for surface heat treatment, gas-fired
8470	Counting machines and pocket machines for recording, reproducing and visualizing data with computational functions; accounting machines, postal marking machines, ticket machines and other similar machines with counting devices; cash registers

HS Code EAEU	Item name*
8471	Computing machines and their components; magnetic or optical readers, machines for transferring data to encoded data carriers and machines for processing similar information, not elsewhere specified or included
8472	Office equipment (for example, hectographic or screen multipliers, address machines, automatic banknote dispensers, machines for sorting, counting or packing coins, pencil sharpeners, punching machines or stapling machines) other
8473	Parts and accessories (other than cases, transport covers and similar articles) intended exclusively or mainly for machines of items 8470 to 8472
8474	Machinery for sorting, screening, separating, washing, crushing, grinding, mixing or mixing earth, stone, ores or other mineral in solid (including powder or paste) state; machinery for agglomerating, shaping or moulding solid mineral fuels, ceramic paste, uncured cement, gypsum materials or other mineral products in powder or paste state; moulding machines for making molds of sand
8475	Machines for assembling electric or electronic lamps, tubes or cathode-ray tubes or gas-discharge lamps in glass flasks; machines for making or hot-working glass or glass products
8476	Vending machines (for example, for the sale of postage stamps, cigarettes, food products or beverages), including machines for changing banknotes and coins
8477	Equipment for the processing of rubber or plastics or for the production of products made from these materials, not specified or included elsewhere in this chapter
8478	Equipment for the preparation or preparation of tobacco, not specified or included elsewhere in this chapter
8479	Machines and mechanical devices having individual functions, not specified or included elsewhere in this chapter
8480	Flasks for metal foundry production; foundry pallets; foundry models; molds for casting metals (other than molds), metal carbides, glass, mineral materials, rubber or plastics

HS Code EAEU	Item name*
8481	Cranes, valves, valves and similar fittings for pipelines, boilers, tanks, cisterns, tanks or similar receptacles, including pressure reducing and temperature-controlled valves
8482	Ball or roller bearings
8483	Transmission shafts (including cam and crankshafts) and cranks; bearing housings and plain bearings for shafts; gears and gears; ball or roller helical gears; gearboxes and other speed variators, including torque converters; flywheels and pulleys, including pulley blocks; clutches and devices for connecting shafts (including universal joints)
8484	Gaskets and similar connecting elements made of sheet metal in combination with another material or consisting of two or more layers of metal; sets or sets of gaskets and similar connecting elements, different in composition, packed in bags, envelopes or similar packaging; mechanical seals
8485	Additive manufacturing machines
8486	Machines and apparatus used exclusively or primarily for the manufacture of semiconductor boules or wafers, semiconductor devices, electronic integrated circuits or flat display panels; machines and apparatus referred to in note 11 (B) to this group; parts and accessories
8487	Parts of equipment not having electrical connections, insulators, contacts, coils or other electrical components, not specified or included elsewhere in this group
8501	Electric motors and generators (except for electric generator sets)
8502	Electric generator sets and rotating electric converters
8503 00	Parts intended exclusively or principally for machines of items 8501 or 8502
8504	Electrical transformers, static electrical converters (such as rectifiers), inductors and chokes

HS Code EAEU	Item name*
8505	Electromagnets; permanent magnets and articles intended to be converted into permanent magnets after magnetization; electromagnetic or permanent magnet clamping chucks, grippers and similar locking devices; electromagnetic clutches, clutches and brakes; electromagnetic lifting heads
8506	Primary cells and primary batteries
8507	Electric accumulators, including separators for them, of rectangular (including square) or other shape
8508	Vacuum cleaners
8509	Household electromechanical machines with integrated electric motor, other than vacuum cleaners of item 8508
8510	Electric shavers, hair clippers and hair removal devices with integrated electric motor
8511	Electrical equipment for ignition or starting of internal combustion engines with spark ignition or compression ignition (for example, magneto, ignition coils, spark plugs, glow plugs, starters); generators (for example, direct or alternating current) and interrupters of the type used together with such engines
8512	Electrical lighting or signalling equipment (other than products of item 8539), windscreen wipers, de-icers and anti-fog devices used on bicycles or motor vehicles
8513	Portable electric lanterns powered by their own power source (for example, dry cell batteries, accumulators, magneto), other than lighting equipment of item 8512
8514	Industrial or laboratory electric furnaces and chambers (including those operating on the basis of the phenomenon of induction or dielectric losses); industrial or laboratory equipment for the heat treatment of materials using the phenomenon of induction or dielectric losses
8515	Machines and apparatus for electric (including electrically heated gas), laser or other light or photon, ultrasonic, electron beam, magnetic pulse or plasma arc low-temperature soldering, brazing or welding, regardless of whether they can perform the operation of cutting or not; machines and apparatus, electric, for hot spraying of metals or cermets

HS Code EAEU	Item name*
8516	Electric water heaters, flow-through or storage (capacitive) and submersible electric heaters; electrical equipment for space heating and ground heating, electrothermal devices for hair dryers (for example, hair dryers, curlers, curling irons) and hand dryers; electric irons; other household electric heating appliances; electric heating resistances, other than those specified in item 8545
8517	Telephones, including smartphones and other telephones for cellular networks or for other wireless networks; other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication network wired or wireless connection (e.g., LAN or WAN connection), other than transmission or reception apparatus of items 8443, 8525, 8527 or 8528
8518	Microphones and stands for them; loudspeakers, whether or not mounted in enclosures; headphones and headsets, whether or not combined with a microphone, and sets consisting of a microphone and one or more loudspeakers; electric sound frequency amplifiers; electric sound reinforcement sets
8519	Sound recording or reproducing equipment
8521	Video recording or video reproducing equipment, whether or not combined with a video tuner
8522	Parts and accessories suitable for use exclusively or mainly with apparatus of items 8519 or 8521
8523	Disks, tapes, solid-state non-volatile data storage devices, "smart cards" and other media for recording sound or other phenomena, whether or not recorded, including matrices and master disks for making disks, other than products of group 37
8524	Modules with a flat display panel, including a touch screen
8525	Transmitting equipment for radio or television broadcasting, whether or not including receiving, sound recording or sound reproducing equipment; television cameras, digital cameras and video recording cameras

HS Code EAEU	Item name*
8526	Radar, radio navigation and remote control equipment
8527	Reception equipment for radio broadcasting, whether or not combined in one housing with sound recording or sound reproducing equipment or a clock
8528	Monitors and projectors that do not include receiving television equipment; receiving equipment for television communication, which includes or does not include a broadcast radio receiver or equipment that records or reproduces sound or image
8529	Parts intended exclusively or principally for apparatus of items 8524 to 8528
8530	Electrical signalling, security or traffic control devices for railways, tramways, highways, inland waterways, parking structures, ports or airfields (other than equipment of item 8608)
8531	Electrical equipment, whether audible or visual , for signalling purposes (for example, bells, sirens, indicator panels, alarm devices or fire alarm devices), other than equipment of items 8512 or 8530
8532	Permanent, variable or trim-type electrical capacitors
8533	Electrical resistors (including rheostats and potentiometers), except for heating elements
8534 00	Printed circuits
8535	Electrical equipment for switching or protecting electrical circuits or for connections to or in electrical circuits (for example, switches, switches, interrupters, fuses, lightning arresters, voltage limiters, surge arresters, current collectors, current collectors and other connectors, junction boxes) with a voltage exceeding 1000 V
8536	Electrical apparatus for switching or protecting electrical circuits, or for making connections to electrical circuits or in electrical circuits (for example, switches, switches, circuit breakers, relays, fuses, surge suppressors, voltage, plugs and sockets, cartridges, light bulbs and other connectors, junction boxes), for a voltage not exceeding 1,000 V; connectors for optical fibers, optical fiber bundles or cables

HS Code EAEU	Item name*
8537	Other consoles, panels, consoles, tables, switchboards and bases for electrical equipment equipped with two or more devices of item 8535 or 8536 for controlling or distributing electric current, including devices or devices of group 90 and digital control devices, other than switching devices of item 8517
8538	Parts intended solely or principally for apparatus of items 8535, 8536 or 8537
8539	Incandescent or gas-discharge lamps, electric, including sealed directional lamps, as well as ultraviolet or infrared lamps; arc lamps; LED light sources
8540	Electronic lamps and tubes with a thermocathode, cold cathode or photocathode (for example, vacuum or steam - or gas-filled lamps and tubes, mercury arc rectifier lamps and tubes and cathode ray tubes, television transmitting tubes)
8541	Semiconductor devices (for example, diodes, transistors, semiconductor-based converters); photosensitive semiconductor devices, including photovoltaic cells, whether or not assembled in modules, whether or not mounted in panels; light-emitting diodes (LEDs), whether or not assembled with other light-emitting diodes (LEDs); piezoelectric crystals assembled
8542	Electronic integrated circuits
8543	Electrical machines and apparatus having individual functions, not specified or included elsewhere in this chapter
8544	Insulated wires (including enameled or anodized), cables (including coaxial cables) and other insulated electrical conductors, with or without connecting devices; fiber-optic cables made up of fibers with individual sheaths, whether or not they are assembled with electrical conductors or connecting devices
8545	Carbon electrodes, carbon brushes, lamp or battery coals, and articles of graphite or other types of carbon, whether or not metallic, other, used in electrical engineering
8546	Electrical insulators made of any materials

HS Code EAEU	Item name*
8547	Insulating fittings for electrical machines, devices or equipment, made entirely of insulating materials, with the exception of certain metal components (for example, threaded chucks) installed during molding solely for the purpose of assembly, other than insulators of item 8546; pipes for electrical wiring and connecting parts for them, of base metals, lined with insulating material
8548 00	Parts of electrical equipment or apparatus, not specified or included elsewhere in this group
8549	Waste and scrap of electrical and electronic products
8601	Railway locomotives powered by an external power source, or battery-powered
8602	Other railway locomotives; locomotive tenders
8603	Motorised railway or tramcars , passenger, goods or baggage, open platforms, other than those of item 8604
8604 00 000 0	Self-propelled or non-self-propelled vehicles, intended for the repair or maintenance of railway or tram tracks (for example, workshop cars, cranes, sleeper trucks, track straightening machines, control and measuring cars, and track inspection vehicles)
8605 00 000	Railway or tram cars, non-self-propelled passenger cars; baggage, mail and other special railway or tram cars, non-self-propelled (other than those of item 8604)
8606	Railway or tram cars, non-self-propelled freight cars
8607	Parts of railway locomotives or motor cars tram or rolling stock
8608 00 000	Track equipment and devices for railway or tram tracks; mechanical (including electromechanical) signalling equipment, safety or traffic control devices on railways, tram tracks, highways, inland waterways, parking structures, ports or airfields; parts of these devices and equipment
8609 00	Containers (including containers for the transport of liquids or gases) specially designed and equipped for transportation by one or more modes of transport

HS Code EAEU	Item name*
8701	Tractors (other than tractors of item 8709)
8702	Motor vehicles designed to carry 10 people or more, including the driver
8703	Motor vehicles passenger cars and other motor vehicles intended primarily for the transport of persons (other than motor vehicles of item 8702), including cargo-and-passenger vans and racing cars
8704	Motor vehicles for cargo transportation
8705	Special-purpose motor vehicles (for example, emergency trucks, truck cranes, fire trucks, concrete mixers, road cleaning vehicles, water-washing vehicles, auto repair shops, vehicles with X-ray machines), other than those used for the transportation of passengers or cargo
8706 00	Chassis with installed engines for motor vehicles of items 8701-8705
8707	Bodies (including cabs) for motor vehicles of items 8701-8705
8708	Parts and accessories of motor vehicles of items 8701-8705
8709	Industrial vehicles, self-propelled, not equipped with lifting or loading devices, used in factories, warehouses, ports or airports for short-distance cargo transportation; tractors used on railway station platforms; parts of the above-mentioned vehicles
8711	Motorcycles (including mopeds) and bicycles with an auxiliary engine installed, with or without sidecars; sidecars
8712 00	Two-wheeled bicycles and other bicycles (including tricycles for cargo delivery) without an engine
8713	Wheelchairs for people unable to move, whether or not equipped with an engine or other mechanical devices for movement
8714	Parts and accessories for vehicles of items 8711-8713
8715 00	Baby strollers and their parts

HS Code EAEU	Item name*
8716	Trailers and semi-trailers; other non-self-propelled vehicles; parts thereof
8801 00	Balloons and airships; gliders, hang gliders and other non-motorized aircraft
8802	Other aircraft (for example, helicopters, airplanes), other than unmanned aerial vehicles of heading 8806; spacecraft (including satellites) and suborbital and space launch vehicles
8804 00 000 0	Parachutes (including guided parachutes and paragliders) and rotochute; their parts and accessories
8805	Launch equipment for aircraft; deck braking devices or similar devices; ground simulators for flight personnel; parts thereof
8806	Unmanned aerial vehicles
8807	Parts of aircraft of items 8801,8802 or 8806
8901	Cruise ships, sightseeing boats, ferries, cargo ships, barges and similar floating vehicles for the transport of passengers or cargo
8902 00	Fishing vessels; floating bases and other vessels for processing and preserving fish products
8903	Yachts and other recreational or sporting craft; rowboats and canoes
8904 00	Tugboats and pushboats
8905	Floating lighthouses, fire-fighting vessels, dredgers, floating cranes and other floating means for which navigability is secondary to their main function; floating docks; floating or underwater drilling or production platforms
8906	Other vessels, including warships and rescue vessels, other than rowboats
8907	Other floating structures (for example, rafts, floating tanks, caissons, landing stages, buoys and buoys)
8908 00 000 0	Vessels and other floating structures intended for use in the marine environment scrapping

HS Code EAEU	Item name*
9001	Optical fibers and fiber-optic bundles; fiber-optic cables, other than those specified in item 8544; sheets and plates of polarizing material; lenses (including contact lenses), prisms, mirrors and other optical elements, of any material, not fixed, other than such elements of optically untreated glass
9002	Lenses, prisms, mirrors and other optical elements, of any material, assembled, which are parts of instruments and devices or devices for them, except for such elements of optically untreated glass
9003	Frames and fittings for eyeglasses, safety glasses or similar optical devices, and parts thereof
9004	Glasses, safety glasses and similar optical devices, corrective, protective or other
9005	Binoculars, monoculars, other spotlights and their fittings; other astronomical instruments and their fittings, other than radio astronomy instruments
9006	Cameras (other than movie cameras); flashbulbs and flash lamps, other than gas-discharge lamps of item 8539
9007	Motion picture cameras and projectors, whether or not containing sound recording or reproducing devices
9008	Image projectors, other than cinematographic; photo enlargers and equipment for projecting images with reduction (other than cinematographic)
9010	Apparatus and equipment for dark laboratories (including film laboratories), not specified or included elsewhere in this chapter; negatoscopes; projection screens
9011	Complex optical microscopes, including microscopes for microphotography, micro-cinema or micro-projection
9012	Microscopes, other than optical microscopes; diffraction apparatuses
9013	Lasers, other than laser diodes; other optical instruments and instruments, not specified or included elsewhere in this chapter

HS Code EAEU	Item name*
9014	Compasses for determining the direction; navigation devices and other instruments
9015	Geodetic or topographical (including photogrammetric), hydrographic, oceanographic, hydrological, meteorological or geophysical instruments and instruments, other than compasses; rangefinders
9016 00	Scales with a sensitivity of 0.05 g or higher, with or without disbalances
9017	Tools for drawing, marking or mathematical calculations (for example, drawing machines, pantographs, protractors, drawing kits, slide rules, disk calculators); hand-held tools for measuring linear dimensions (for example, measuring rods and tape measures, micrometers, calipers), not specified or included elsewhere in this chapter
9018	Devices and devices used in medicine, surgery, dentistry or veterinary medicine, including scintigraphic equipment, other electro-medical equipment and devices for the study of vision
9019	Devices for mechanical therapy; massage devices; equipment for psychological tests to determine abilities; equipment for ozone, oxygen and aerosol therapy, artificial respiration or other therapeutic breathing equipment
9020 00 000 0	Other breathing equipment and gas masks, excl. protective masks without mechanical parts and replaceable filters
9021	Orthopedic devices, including crutches, surgical belts and bandages; splints and other devices for the treatment of fractures; artificial body parts; hearing aids and other devices that are worn on themselves, with themselves or implanted in the body to compensate for the defect of the organ or its inactivity
9022	Apparatus based on the use of x-ray, alpha, beta, gamma, or other ionizing radiation, whether or not for medical, surgical, dental or veterinary uses, including apparatus radiography or radiotherapy, x-ray tubes and other generators x-ray generators, high voltage switchboards and control panels, screens, tables, chairs and similar products for examination or treatment

HS Code EAEU	Item name*
9023 00	Devices, equipment and models intended for demonstration purposes (for example, for teaching or exhibiting) that are not suitable for other uses
9024	Machines and devices for testing the hardness, strength, compression, elasticity or other mechanical properties of materials (e.g. metals, wood, textiles, paper, plastics)
9025	Hydrometers and similar devices operating when submerged in liquid, thermometers, pyrometers, barometers, hygrometers and psychrometers, with or without a recording device, and any combination of these devices
9026	Instruments and apparatus for measuring or controlling the flow, level, pressure or other variable characteristics of liquids or gases (for example, flow meters, level indicators, pressure gauges, heat meters), other than those of items 9014,9015 , 9028 or 9032
9027	Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analyzers); instruments and apparatus for measuring or controlling viscosity, porosity, expansion, surface tension or the like; instruments and apparatus for measuring or controlling the amount of heat, sound or light (including exposure meters); microtomes
9028	Gas, liquid or electricity supply or production meters , including calibration meters
9029	Speed meters , product quantity meters, taximeters, distance meters in miles, pedometers and similar devices; speedometers and tachometers, other than those of item 9014 or 9015; stroboscopes
9030	Oscilloscopes, spectrum analyzers, other instruments and apparatus for measuring or controlling electrical quantities, other than those of heading 9028; instruments and apparatus for detecting or measuring alpha, beta, gamma, X-ray, cosmic or other ionizing radiation
9031	Measuring or control devices, devices and machines, not specified or included elsewhere in this chapter; profile projectors
9032	Devices and devices for automatic regulation or control
9033 00 000 0	Parts and accessories (elsewhere in this group not specified or included) to machines, appliances, instruments or apparatus of group 90

1. 농업 기계 및 그 부품

HS Code EAEU	Item name*
4416 00 000 0	Barrels, kegs, vats, tubs and other cooperage products and parts thereof, of wood, including riveting
7309 00	Tanks, cisterns, tanks and similar receptacles, of ferrous metals, for any substance (other than compressed or liquefied gas) of a capacity exceeding 300 liters, with or without lining or thermal insulation, but without mechanical or thermal equipment
7310 10 000 0	Tanks, barrels, drums, cans, crates and similar containers, of ferrous metals, for any substance (except compressed or liquefied gas) with a capacity not exceeding 300 liters, with or without lining or thermal insulation, but without mechanical or heat-engineering equipment with a capacity of 50 liters or more
8421 11 000 0	Milk separators
8421 22 000 0	Filtration or cleaning equipment and devices for beverages other than water
8422 20 000 9	Other equipment for washing or drying bottles or other liquids containers
8422 30 000 8	Equipment for filling and sealing bottles and cans, closing boxes, bags or other containers, sealing them or labeling them; equipment for hermetic capping with caps or lids of bottles, cans, tubes and similar containers; other equipment for carbonating beverages
8427	Forklift trucks; other trolleys equipped with lifting or handling equipment
8428 90 710 0 8428 90 780 0	Loading devices specially designed for use in agriculture

HS Code EAEU	Item name*
8432	Agricultural, garden or forestry machinery for preparing and cultivating the soil; skating rinks for lawns or sports fields
8433	Machines or machinery for harvesting or threshing crops, including balers, balers for packing straw or hay; mowers or lawn mowers; machines for cleaning, sorting or sizing eggs, fruit or other agricultural products, other than those of item 8437
8434	Milking machines and apparatuses, equipment for processing and processing of milk
8435	Presses, crushers and similar equipment for the production of wine, cider, fruit juice or similar beverages
8436	Agricultural, horticultural, forestry, poultry or beekeeping equipment, including seed germination equipment with mechanical or heating devices, other; poultry incubators and brooders
8437	Machines for cleaning, sorting or calibrating seeds, grains or dry leguminous vegetables; equipment for the milling industry or for processing cereals or dry leguminous vegetables, other than equipment used on agricultural farms
8438	Equipment for the industrial preparation or production of food or beverages, not specified elsewhere in this chapter or included, other than equipment for the extraction or preparation of fats or oils of animal origin or non-volatile fats or oils of vegetable or microbiological origin
8474 20 000	Shredding or grinding machines
8514 19 100 0	Baking and pastry ovens
8701	Tractors (other than tractors of heading 8709)
9027 50 000 0	Action-based instruments and optical radiation equipment (ultraviolet, visible part of the spectrum, infrared), other

2. 차량, 해당 부품 및 구성 요소

HS Code EAEU	Item name*
8208	Knives and cutting blades for machines or mechanical devices
8408 90	Other engines
8409 10 000 0	Aircraft engine parts
8411	Other turbojet and turboprop engines, gas turbines
8412	Other engines and power plant units
8801 00	Balloons and airships; gliders, hang gliders and other non-motorized aircraft
8802	Other aircraft (for example, helicopters, airplanes), other than unmanned aerial vehicles of item 8806; spacecraft (including satellites) and suborbital and space launch vehicles
8804 00 000 0	Parachutes (including guided parachutes and paragliders) and rotoshutes; their parts and accessories
8805	Launch equipment for aircraft; deck braking devices or similar devices; ground simulators for flight personnel; parts thereof
8806	Unmanned aerial vehicles
8807 10 000 0	Propellers and main propellers and parts thereof
8807 20 000 0	Chassis and parts thereof
8807 30 000 0	Other parts of planes, helicopters or pilotless aircraft
8901	Cruise ships, sightseeing boats, ferries, cargo ships, barges and similar floating vehicles for the transport of passengers or cargo
8902 00	Fishing vessels; floating bases and other vessels for processing and preserving fish products
8903	Yachts and other recreational or sporting craft; rowboats and canoes
8904 00	Tugboats and pushboats

HS Code EAEU	Item name*
8905	Floating lighthouses, fire-fighting vessels, dredgers, floating cranes and other floating means for which navigability is secondary to their main function; floating docks; floating or underwater drilling or production platforms
8906	Other vessels, including warships and rescue vessels, other than rowboats
8907	Other floating structures (for example, rafts, floating tanks, caissons, unloading docks, buoys and floating beacons)
8908 00 000 0	Vessels and other floating structures intended for use in the marine environment scrapping

3. 공산품

HS Code EAEU	Item name*
3815 19 900 0	Reaction initiators, reaction accelerators and catalysts, not elsewhere specified or included
6804 22	Millstones, grinding stones, grinding wheels and similar articles, without supporting structures, intended for grinding, sharpening, polishing, fitting or cutting, hand-sharpening or polishing stones and parts thereof, of natural stone, of agglomerated natural or artificial abrasives or of ceramics, complete with or without parts of other materials
7311 00	Containers for compressed or liquefied gas, of ferrous metals
7017	Glassware for laboratory, hygienic or pharmaceutical purposes, graded or ungraded, calibrated or uncalibrated
8205 (excluding 8205 59)	Hand tools (including diamond glass cutters), not elsewhere specified or included; blowtorch lamps; vises, clamps and similar articles, other than accessories and parts of machine tools or water jet cutting machines; anvils; portable forges; hand-or foot-operated grinding wheels with supporting structures

HS Code EAEU	Item name*
8207 (excluding 8207 19)	Replaceable working tools for hand tools, with or without mechanical drive , or for machine tools (for example, for pressing, punching, cutting, tapping, drilling, boring, stretching, milling, turning or screwing), including dies for drawing or extruding metal, tools for drilling rocks or soils
8209 00	Plates, bars, tips and similar articles for tools, not mounted on them, of metal-ceramics
8401	Nuclear reactors; fuel elements (fuel units), unirradiated, for nuclear reactors; equipment and devices for isotope separation
8402	Steam boilers or other steam-producing boilers (except for central heating water boilers, which can also produce low-pressure steam); superheated water boilers
8403	Central heating boilers, other than those of item 8402
8404	Auxiliary equipment for use with boilers of items 8402 or 8403 (for example, economizers, superheaters, soot removers, gas recuperators); condensers for steam-water or other steam power plants
8405 (excluding 8405 10 000)	Gas generators or water gas generators, with or without purification units; acetylene gas generators and similar gas generators, with or without purification units
8406	Steam turbines and other steam turbines
8407	Spark-ignition internal combustion engines, with a rotating or reciprocating piston movement
8408	Compression-ignition reciprocating internal combustion engines (diesels or semi-diesels)
8409	Parts intended exclusively or principally for engines of items 8407 or 8408
8410	Hydraulic turbines, water wheels and their regulators
8411	Other turbojet and turboprop engines, gas turbines
8412 (excluding 8412 29)	Other engines and power plants
8413	Liquid pumps with or without flow meters; liquid hoists:

HS Code EAEU	Item name*
8414	Air or vacuum pumps, air or gas compressors and fans; ventilation or recirculating exhaust hoods or cabinets with a fan, with or without filters; gas-tight biosafety cabinets with or without filters
8415	Air-conditioning units equipped with a fan with a motor and devices for changing the temperature and humidity of the air, including air conditioners in which humidity cannot be adjusted separately
8416	Combustion burners for liquid fuel, sprayed solid fuel or for gas; mechanical furnaces, including their mechanical grates, mechanical ash removers and similar devices
8417	Industrial or laboratory furnaces and furnaces, including incinerators, non-electric
8418	Refrigerators, freezers and other refrigerating or freezing equipment, electric or of other types; heat pumps, other than air-conditioning units of item 8415
8419 (except for 8419 40 000)	Machinery, industrial or laboratory equipment with electric or non-electric heating (excluding furnaces, cameras and other equipment of item 8514), for the treatment of materials by change of temperature such as heating, cooking, roasting, distilling, distillation, sterilization, pasteurization, steaming, drying, evaporation, condensation, and cooling, except machinery and equipment used in the household purposes; water heaters or storage (capacitive), non-electric
8420	Calenders or other rolling machines, other than metal or glass working machines, and rolls for them
8421 (excluding 8421 11 000 0. 8421 21 000. 8421 22 000 0 and 8421 29 000)	Centrifuges, including centrifugal dryers; equipment and devices for filtering or purifying liquids or gases
8422 (excluding 8422 20 000 9 and 8421 30 000 8)	Dishwashing machines; machinery for cleaning or drying bottles or other containers; machinery for filling, labeling bottles, cans, closing boxes, bags or other containers, for sealing or labeling; hardware for tight sealing caps or caps of bottles, jars, tubes and similar containers; machinery for packing or wrapping (including equipment, wrapping the product with shrink packaging material) other; machinery for aerating beverages:

HS Code EAEU	Item name*
8423	Weighing equipment (other than scales with a sensitivity of 0.05 g or higher), including counting or control machines operated by the gravity of the weight being weighed; counterbalances for all types of scales
8424	Mechanical devices (with or without manual control) for throwing, spraying or spraying liquids or powders; fire extinguishers, charged or uncharged; spray guns and the like devices; steam or sandblasting and similar throwing devices
8425	Hoists and hoists, other than skip hoists; winches and capstans; jacks
8426	Marine derrick cranes; lifting cranes, including cable cranes; mobile lifting trusses, gantry loaders and trolleys equipped with a lifting crane
8428 (excluding 8428 90 710 0 and 8428 90 780 0)	Machines and devices for lifting, moving, loading or unloading (for example, elevators, escalators, conveyors, cable cars) other
8429	Non-rotating or rotary blade bulldozers, graders, planners, scrapers, mechanical shovels, excavators, single-bucket loaders, tamping machines and road rollers, self-propelled
8430 (except for 8430 10 000 0, 8430 31 000 0, 8430 39 000 0, 8430 41 000, 8430 49 000)	Other machines and mechanisms for moving, planning, profiling, developing, tamping, compacting, excavating or drilling soil, minerals or ores; equipment for driving and extracting piles; plow and rotary snow plows
8439	Equipment for the production of pulp from fibrous cellulosic materials or for the manufacture or finishing of paper or cardboard
8440	Bookbinding equipment, including machines for stitching book blocks
8441	Equipment for the production of paper pulp, paper or cardboard products, including all types of cutting machines, other

HS Code EAEU	Item name*
8442	Machines, apparatus and accessories (other than those of items 8456 to 8465) for the preparation or manufacture of plates, cylinders or other printing plates; plates, cylinders and other printing plates; plates, cylinders and lithographic stones, prepared for printing purposes (for example ,turned, ground or polished)
8443	Printing machines used for printing by means of plates, cylinders and other printing plates of item 8442; other printers, copiers and fax machines, whether or not combined; parts and accessories thereof
8444 00	Machines for extruding, pulling, texturing or cutting chemical textile materials
8445	Machines for preparing textile fibres; spinning, weaving or twisting machines and other equipment for the manufacture of textile yarns; cocoon-winding or coiling (including weft-winding) textile machines and machines preparing textile yarns for use on machines of items 8446 or 8447
8446	Weaving machines
8447	Knitting machines, knitwear machines, for the production of braid, tulle, lace, embroidery, braiding or netting, and tufting machines
8448	Auxiliary machinery for use with machines of items 8444, 8445, 8446 or 8447 (for example, dobbies, jacquard machine, automatic shutdown mechanisms, the mechanisms of change shuttles); parts and accessories suitable for use solely or mainly for machines of this item or items 8444, 8445, 8446 or 8447 (for example, spindles and flyers, needle headset, crests, dies, shuttles, weaving healds and heddle frames, knitting needles)
8449 00 000 0	Equipment for the production or finishing of felt or felt or nonwovens in a piece or in a cut, including equipment for the production of felt hats; dummies for the production of hats
8450	Washing, household or laundry machines, including machines equipped with a wringer

HS Code EAEU	Item name*
8451	Equipment (other than machines of item 8450) for washing, cleaning, wringing, drying, Ironing, pressing (including presses the thermosetting materials), bleaching, dyeing, gumming, finishing, coating or impregnating textile yarns, textile fabrics or made-up textile articles and machines for applying the paste to the base fabric or other support used in the manufacture of floor coverings such as linoleum; machines for reeling, unreeling, folding, cutting or perforation textile materials
8452	Sewing machines, other than machines for stitching book blocks of item 8440; furniture, bases and cases specially designed for sewing machines; needles for sewing machines
8453	Equipment for the preparation, tanning or processing of hides or skins, or for the manufacture or repair of shoes or other articles of hides or skins, other than sewing machines
8454	Converters, ladles, mills and foundry machines used in metallurgy or foundry production
8455	Metal rolling mills and rolls for them
8456	Machines for processing any materials by removing material using a laser or other light or photon beam, ultrasonic, electric discharge, electrochemical, electron beam, ion beam or plasma arc processes; water jet cutting machines
8457	Machining centers , single-position and multi-position aggregate machines, for metal processing
8458	Lathes (including multi-purpose lathes), metal-cutting machines
8459	Metal-cutting machines (including linear aggregate machines) for drilling, boring, milling, cutting external or internal threads by removing metal, other than lathes (including multi-purpose lathes) of item 8458
8460	Machines for roughing, grinding, grinding, honing, lapping, polishing and for performing other operations of finishing metals or cermets by means of grinding stones, abrasives or polishing agents, other than gear-cutting, tooth-grinding or tooth-finishing machines of heading 8461

HS Code EAEU	Item name*
8461	Longitudinal planing, cross-boring, slotting, broaching, tooth-cutting, tooth-grinding or tooth-finishing machines, sawing, cutting and other machines for processing metals or cermets by removing material, not elsewhere specified or included
8462	Machine tools (including presses) for metal die forging, hammering or die-stamping (except for rolling mills); machines for working metal (including presses, lines, slitting lines and cross-cutting) bending, right, cutting, punching, cutting or shearing machines (except for machine tools for drawing); presses for working metal or metal carbides, not specified above
8463	Machines for processing metals or cermets without removing material other
8464	Machines for working stone, ceramics, concrete, asbestos cement or similar mineral materials, or for cold working glass
8465	Machine tools (including machines for assembling with nails, staples, glue or other means) for processing of wood, cork, bone, hard rubber, hard plastics or similar hard materials
8466	Parts and accessories intended exclusively or mainly for equipment of headings 8456 to 8465, including attachments for fixing tools or parts, self-opening thread -cutting heads, dividing heads and other special attachments to equipment; attachments for fixing working tools for all types of hand tools
8467	Hand tools, pneumatic, hydraulic or with integrated electric or non-electric motor
8468	Equipment and apparatuses for low -temperature soldering, high-temperature soldering or welding, whether or not suitable for cutting, other than machines and apparatuses of item 8515; machines and apparatuses for surface heat treatment, gas-fired
8470	Counting machines and pocket machines for recording, reproducing and visualizing data with computational functions; accounting machines, postal marking machines, ticket machines and other similar machines with counting devices; cash registers

HS Code EAEU	Item name*
8471	Computing machines and their components; magnetic or optical readers, machines for transferring data to encoded data carriers and machines for processing similar information, not elsewhere specified or included
8472	Office equipment (for example, hectographic or screen multipliers, addressable machines, automatic devices for issuing banknotes, machines for sorting, counting or packing coins, typewriters pencil sharpeners, punching machines or stapling machines) other
8473	Parts and accessories (other than cases, transport covers and similar articles) intended exclusively or mainly for machines of headings 8470 to 8472
8474 (except for 8474 10 000, 8474 20 000, 8474 31 000 0, 8474 32 000 and 8474 39,000)	Machinery for sorting, screening, separating, washing, crushing, grinding, mixing or kneading earth, stone, ores or other mineral in solid (including powder or paste) state; machinery for agglomerating, shaping or moulding solid mineral fuels, ceramic compounds, uncured cement, gypsum materials or other mineral products in powder or paste state; moulding machines, foundry of sand
8475	Machines for assembling electric or electronic lamps, tubes or cathode-ray tubes or gas-discharge lamps in glass flasks; machines for making or hot-working glass or glass products
8476	Vending machines (for example, for the sale of postage stamps, cigarettes, food products or beverages), including machines for changing banknotes and coins
8477	Equipment for the processing of rubber or plastics or for the production of products made from these materials, not specified or included elsewhere in this chapter
8478	Equipment for the preparation or preparation of tobacco, not specified or included elsewhere in this chapter
8479	Machines and mechanical devices having individual functions, not specified or included elsewhere in this chapter

HS Code EAEU	Item name*
8480	Flasks for metal foundry production; foundry pallets; foundry models; molds for casting metals (other than molds), metal carbides, glass, mineral materials, rubber or plastics
8481	Cranes, valves, valves and similar fittings for pipelines, boilers, tanks, cisterns, tanks or similar receptacles, including pressure reducing and temperature-controlled valves
8482	Ball or roller bearings
8483	Transmission shafts (including cam and crankshafts) and cranks; bearing housings and plain bearings for shafts; gears and gears; ball or roller helical gears; gearboxes and other speed variators, including torque converters; flywheels and pulleys, including pulley blocks; clutches and devices for connecting shafts (including universal joints)
8484	Gaskets and similar connecting elements made of sheet metal in combination with another material or consisting of two or more layers of metal; sets or sets of gaskets and similar connecting elements, different in composition, packed in bags, envelopes or similar packaging; mechanical seals
8485	Additive manufacturing machines
8486	Machines and apparatus used exclusively or primarily for the manufacture of semiconductor boules or wafers, semiconductor devices, electronic integrated circuits or flat display panels; machines and apparatus referred to in note 11 (B) to this group; parts and accessories
8487	Parts of equipment not having electrical connections, insulators, contacts, coils or other electrical components, not specified or included elsewhere in this chapter
8501	Electric motors and generators (except for electric generator sets)
8502	Electric generator sets and rotating electric converters
8503 00	Parts intended exclusively or principally for machines of items 8501 or 8502

HS Code EAEU	Item name*
8504	Electrical transformers, static electrical converters (such as rectifiers), inductors and chokes
8505	Electromagnets; permanent magnets and articles intended to be converted into permanent magnets after magnetization; electromagnetic or permanent magnet clamping chucks, grippers and similar locking devices; electromagnetic clutches, clutches and brakes; electromagnetic lifting heads
8506	Primary cells and primary batteries
8507	Electric accumulators, including separators for them, of rectangular (including square) or other shape
8508	Vacuum cleaners
8509	Household electromechanical machines with integrated electric motor, other than vacuum cleaners of item 8508
8510	Electric shavers, hair clippers and hair removal devices with integrated electric motor
8511	Electrical equipment for ignition or starting of internal combustion engines with spark ignition or compression ignition (for example, magneto, ignition coils, spark plugs, glow plugs, starters); generators (for example, direct or alternating current) and interrupters of the type used together with such engines
8512	Electrical lighting or signalling equipment (other than products of item 8539), windscreen wipers, de-icers and anti-fog devices used on bicycles or motor vehicles
8513	Portable electric lanterns powered by their own power source (for example, dry cell batteries, accumulators, magneto), other than lighting equipment of item 8512
8515	Machines and apparatus for electric (including electrically heated gas), laser or other light or photon, ultrasonic, electron beam, magnetic pulse or plasma arc soldering, low-temp, high temp soldering or welding, regardless of whether they perform or not cutting, machines and electrical apparatus for hot spraying of metals or cermets

HS Code EAEU	Item name*
8516	Electric water heater flow-through or a storage (capacitive) and electric submersible; electrical heating space heating and soil, electrothermal apparatus for hair care (e.g., dryers , hair curlers, Curling hot iron) and hand dryers; electric irons; other household electric heaters; electric heating resistors, other than of item 8545
8518	Microphones and stands for them; loudspeakers, whether or not mounted in enclosures; headphones and headsets, whether or not combined with a microphone, and sets consisting of a microphone and one or more loudspeakers; electric sound frequency amplifiers; electric sound reinforcement sets
8519	Sound recording or reproducing equipment
8521	Video recording or video reproducing equipment, whether or not combined with a video tuner
8522	Parts and accessories suitable for use exclusively or mainly with apparatus of items 8519 or 8521
8524	Modules with a flat display panel, including a touch screen
8530	Electrical signalling, security or traffic control devices for railways, tramways, highways, inland waterways, parking structures, ports or airfields (other than equipment of item 8608)
8531	Electrical equipment, whether audible or visual , for signalling purposes (for example, bells, sirens, indicator panels, alarm devices or fire alarm devices), other than equipment of items 8512 or 8530
8532	Permanent, variable or trim-type electrical capacitors
8533	Electrical resistors (including rheostats and potentiometers), except for heating elements
8535	Electrical equipment for switching or protecting electrical circuits or for connections to or in electrical circuits (for example, switches, switches, interrupters, fuses, lightning arresters, voltage limiters, surge arresters , current collectors, current collectors and other connectors, junction boxes) with a voltage exceeding 1000 V

HS Code EAEU	Item name*
8536	Electrical equipment for switching or protecting electrical circuits or for connections to or in electrical circuits (for example, switches, switches, circuit breakers, relays, fuses, surge suppressors, plugs and sockets, lamp holders and other connectors, junction boxes) for a voltage not exceeding 1000 V; connectors for optical fibers, fiber-optic harnesses or cables
8537	Other consoles, panels, consoles, tables, switchboards and bases for electrical equipment equipped with two or more devices of items 8535 or 8536 for controlling or distributing electric current, including devices or devices of group 90 and digital control devices, other than switching devices of item 8517
8538	Parts intended solely or principally for apparatus of items 8535, 8536 or 8537
8539	Incandescent or gas-discharge lamps, electric, including sealed directional lamps, as well as ultraviolet or infrared lamps; arc lamps; LED light sources
8540	Electronic lamps and tubes with a thermocathode, cold cathode or photocathode (for example, vacuum or steam - or gas-filled lamps and tubes, mercury arc rectifier lamps and tubes and cathode ray tubes, television transmitting tubes)
8545	Carbon electrodes, carbon brushes, lamp or battery coals, and articles of graphite or other types of carbon, whether or not metallic, other, used in electrical engineering
8546	Electrical insulators made of any materials
8547	Insulating fittings for electrical machines, devices or equipment, made entirely of insulating materials, excluding certain metal components (for example, threaded chucks) installed during molding exclusively for the purpose of assembly, other than insulators of item 8546; electrical wiring tubes and their connecting parts, of base metals, lined with insulating material
8548 00	Parts of electrical equipment or apparatus, not specified or included elsewhere in this chapter

HS Code EAEU	Item name*
8549	Waste and scrap of electrical and electronic products
8601	Railway locomotives powered by an external power source, or battery-powered
8602	Other railway locomotives; locomotive tenders
8603	Motorised railway or tramcars , passenger, goods or baggage, open platforms, other than those of item 8604
8604 00 000 0	Self-propelled or non-self-propelled vehicles intended for the repair or maintenance of railway or tram tracks (for example, workshop cars, cranes, sleeper trucks, track straightening machines, control and measuring cars, and track inspection vehicles)
8605 00 000	Railway or tram cars, non-self-propelled passenger cars; baggage, mail and other special railway or tram cars, non-self-propelled (other than those of item 8604)
8606	Railway or tram cars, non-self-propelled freight cars
8607	Parts of railway locomotives or motor cars tram or rolling stock
8608 00 000	Track equipment and devices for railway or tram tracks; mechanical (including electromechanical) signaling equipment, safety devices or traffic control devices on railways, tramways, highways, inland waterways, parking structures, ports or airfields; parts of these devices and equipment
8609 00	Containers (including containers for the transport of liquids or gases) specially designed and equipped for transportation by one or more modes of transport
8702	Motor vehicles designed to carry 10 people or more, including the driver
8703	Motor vehicles passenger cars and other motor vehicles intended primarily for the transport of persons (other than motor vehicles of item 8702), including cargo-and-passenger vans and racing cars
8704	Motor vehicles for cargo transportation

HS Code EAEU	Item name*
8705	Special-purpose motor vehicles (for example, emergency trucks, truck cranes, fire trucks, concrete mixers, road cleaning vehicles, water-washing vehicles, auto repair shops, vehicles with X-ray machines), other than those used for the transportation of passengers or cargo
8706 00	Chassis with installed engines for motor vehicles of items 8701-8705
8707	Bodies (including cabs) for motor vehicles of items 8701-8705
8708	Parts and accessories of motor vehicles of items 8701-8705
8709	Industrial vehicles, self-propelled, not equipped with lifting or loading devices, used in factories, warehouses, ports or airports for cargo transportation for short distances; tractors used on railway station platforms; parts of the above-mentioned vehicles
8711	Motorcycles (including mopeds) and bicycles with an auxiliary engine installed, with or without sidecars; sidecars
8712 00	Two-wheeled bicycles and other bicycles (including tricycles for cargo delivery) without engine
8713	Wheelchairs for people unable to move, whether or not equipped with an engine or other mechanical devices for movement
8714	Parts and accessories for vehicles of items 8711-8713
8715 00	Baby strollers and their parts
8716	Trailers and semi-trailers; other non-self-propelled vehicles; parts thereof
8807 (excluding 8807 10 000 0. 8807 20 000 0 and 8807 30 000 0)	Aircraft parts of items 8801,8802 , 8806
9002	Lenses, prisms, mirrors and other optical elements, of any material, assembled, which are parts of instruments and devices or devices for them, except for such elements of optically untreated glass

HS Code EAEU	Item name*
9003	Frames and fittings for eyeglasses, safety glasses or similar optical devices, and parts thereof
9004	Glasses, safety glasses and similar optical devices, corrective, protective or other
9005	Binoculars, monoculars, other spotlights and their fittings; other astronomical instruments and their fittings, other than radio astronomy instruments
9006	Cameras (other than movie cameras); flashbulbs and flash lamps, other than gas-discharge lamps of item 8539
9007	Motion picture cameras and projectors, whether or not containing sound recording or reproducing devices
9008	Image projectors, other than cinematographic; photo enlargers and equipment for projecting images with reduction (other than cinematographic)
9010	Apparatus and equipment for dark laboratories (including film laboratories), not specified or included elsewhere in this chapter; negatoscopes; projection screens
9011	Complex optical microscopes, including microscopes for microphotography, micro-cinema or micro-projection
9012	Microscopes, other than optical microscopes; diffraction apparatuses
9014	Compasses for determining the direction; navigation devices and other instruments
9015	Geodetic or topographical (including photogrammetric), hydrographic, oceanographic, hydrological, meteorological or geophysical instruments and instruments, other than compasses; rangefinders
9016 00	Scales with a sensitivity of 0.05 g or higher, with or without disbalances
9017	Tools for drawing, marking or mathematical calculations (for example, drawing machines, pantographs, protractors, drawing kits, slide rules, disk calculators); hand-held tools for measuring linear dimensions (for example, measuring rods and tape measures, micrometers, calipers), not specified or included elsewhere in this chapter

HS Code EAEU	Item name*
9018	Devices and devices used in medicine, surgery, dentistry or veterinary medicine, including scintigraphic equipment, other electro-medical equipment and devices for the study of vision
9019	Devices for mechanical therapy; massage devices; equipment for psychological tests to determine abilities; equipment for ozone, oxygen and aerosol therapy, artificial respiration or other therapeutic breathing equipment
9020 00 000 0	Other breathing equipment and gas masks, other than protective masks without mechanical parts and replaceable filters
9021	Orthopedic devices, including crutches, surgical belts and bandages; splints and other devices for the treatment of fractures; artificial body parts; hearing aids and other devices that are worn on themselves, with themselves or implanted in the body to compensate for the defect of the organ or its inactivity
9022	Apparatus based on the use of x-ray, alpha, beta, gamma, or other ionizing radiation, whether or not for medical, surgical, dental or veterinary uses, including apparatus radiography or radiotherapy, x-ray tubes and other generators x-ray generators, high voltage switchboards and control panels, screens, tables, chairs and similar products for examination or treatment
9023 00	Devices, equipment and models intended for demonstration purposes (for example, for teaching or exhibiting) that are not suitable for other uses
9024	Machines and devices for testing hardness, strength, compression, elasticity, or other mechanical properties properties of materials (e.g. metals, wood, textiles, paper, plastics)
9025	Hydrometers and similar instruments operating when submerged in liquid, thermometers, pyrometers, barometers, hygrometers and psychrometers, with or without a recording device, and any combination of these instruments
9026	Instruments and apparatus for measuring or controlling the flow, level, pressure or other variable characteristics of liquids or gases (for example, flow meters, level indicators, pressure gauges, heat meters), other than those of items 9014, 9015, 9028 or 9032

HS Code EAEU	Item name*
9027 (excluding 9027 50 000 0)	Instruments and apparatus for physical or chemical analysis (for example, polarimeters, refractometers, spectrometers, gas or smoke analyzers); instruments and apparatus for measuring or controlling viscosity, porosity, expansion, surface tension or the like; instruments and apparatus for measuring or controlling the amount of heat, sound or light (including exposure meters); microtomes
9028	Gas, liquid or electricity supply or production meters , including calibration meters
9029	Speed meters, product quantity meters, taximeters , distance meters in miles, pedometers and similar devices; speedometers and tachometers, other than those of item 9014 or 9015; stroboscopes
9030	Oscilloscopes, spectrum analyzers, other instruments and apparatus for measuring or controlling electrical quantities, other than those of item 9028; instruments and apparatus for detecting or measuring alpha, beta, gamma, X-ray, cosmic or other ionizing radiation
9031	Measuring or control devices, devices and machines, not specified or included elsewhere in this chapter; profile projectors
9032	Devices and devices for automatic regulation or control
9033 00 000 0	Parts and accessories (not specified or included elsewhere in this chapter) for machines, appliances, instruments or apparatus of group 90

4. 통신 장비, 부품 및 재료

HS Code EAEU	Item name*
8517	The telephone devices, including telephones for cellular networks or for other wireless networks of communication; other apparatus for the transmission or reception of voice, images or other data, including apparatus for communication network wired or wireless connection (e.g., LAN or WAN connection), other than transmission or reception apparatus of items 8443, 8525, 8527 or 8528
8523	Disks, tapes, solid-state non-volatile data storage devices, "smart cards" and other media for recording sound or other phenomena, whether or not recorded, including matrices and master disks for making disks, other than products of group 37
8525	Transmitting equipment for radio or television broadcasting, whether or not including receiving, sound recording or sound reproducing equipment; television cameras, digital cameras and video recording cameras
8526	Radar, radio navigation and remote control equipment
8527	Reception equipment for radio broadcasting, whether or not combined in one housing with sound recording or sound reproducing equipment or a clock
8528	Monitors and projectors that do not include receiving television equipment; receiving equipment for television communication, which includes or does not include a broadcast radio receiver or equipment that records or reproduces sound or image
8529	Parts intended exclusively or principally for apparatus of item 8524 to 8528
8534 00	Printed circuits
8541	Semiconductor devices (for example, diodes, transistors, semiconductor-based converters); photosensitive semiconductor devices, including

HS Code EAEU	Item name*
	photovoltaic cells, whether or not assembled in modules, whether or not mounted in panels; light-emitting diodes (LEDs), whether or not assembled with other light-emitting diodes (LEDs); piezoelectric crystals assembled
8542	Electronic integrated circuits
8543	Electrical machines and apparatus having individual functions, not specified or included elsewhere in this group
8544	Insulated wires (including enamelled or anodized), cables (including coaxial cables) and other insulated electrical conductors, with or without connecting devices; fiber-optic cables composed of fibers with individual sheaths, whether or not they are assembled with electrical conductors or connecting devices
9001	Optical fibers and fiber-optic bundles; fiber-optic cables, other than those specified in item 8544; sheets and plates of lenses (including contact lenses), prisms, mirrors and other optical elements, of any material, not fixed, except for such elements of optically untreated glass
9013	Lasers, other than laser diodes; other optical instruments and instruments, not specified or included elsewhere in this group

5. 실험실 · 광업 · 지질 탐사 · 지구 물리학 장비 및 관련 부품

HS Code EAEU	Item name*
3006 10 3006 40 000 0 3006 70 000 0	Pharmaceutical products; surgical sterile catgut
7304 23 000	Other ordinary drill pipes
8205 59	Drilling equipment tools: a tool for removing the aperture of the telemetry system
8207 19	Oilfield and geological exploration drilling

HS Code EAEU	Item name*
	equipment: calibrators for drilling oil and gas wells of types KL, KLS
8405 10 000	Gas generators or water gas generators, with or without purification units; acetylene gas generators and similar gas generators, with or without purification units; for civil aircraft
8412 29	Drilling equipment used for operations in the oil and gas industry (hydraulic power plant designed for pumping drilling mud into drilling rods)
8419 40 000	Machinery, industrial or laboratory equipment with electric or non-electric heating for processing materials in a temperature-varying process, such as heating, cooking, roasting, distillation, rectification, sterilization, pasteurization, steaming, drying, evaporation, condensing or cooling, except for machinery and equipment used for domestic purposes; water heaters, flow-through or storage (capacitive), non-electric; for the medical industry
8421 21 000	Centrifuges, including centrifugal dryers; equipment and devices for filtering or purifying liquids or gases; for filtering or purifying water
8421 22 000 0	Centrifuges, including centrifugal dryers; equipment and devices for filtering or purifying liquids or gases; for filtering or purifying beverages other than water
8421 29 000	Centrifuges, including centrifugal dryers; equipment and devices for filtering or purifying liquids or gases; other

8431	Equipment for grabbing and holding a string of drill pipes while drilling oil and gas wells
8474 10 000	Machinery for sorting, screening, separating, washing, crushing, grinding, mixing or kneading earth, stone, ores or other mineral in solid (including powder or paste) state; machinery for agglomerating, shaping or moulding solid mineral fuels, ceramic compounds, uncured cement, gypsum materials or other mineral

HS Code EAEU	Item name*
	products in powder or paste state; moulding machines, foundry of sand; machinery for sorting, screening, separating or washing
8474 20 000	Machinery for sorting, screening, separating, washing, crushing, grinding, mixing or kneading earth, stone, ores or other mineral in solid (including powder or paste) state; machinery for agglomerating, shaping or moulding solid mineral fuels, ceramic compounds, uncured cement, gypsum materials or other mineral products in powder or paste state; moulding machines, foundry of sand; machines for crushing or grinding
8474 31 000	Machinery for sorting, screening, separating, washing, crushing, grinding, mixing or kneading earth, stone, ores or other mineral in solid (including powder or paste) state; machinery for agglomerating, shaping or moulding solid mineral fuels, ceramic compounds, uncured cement, gypsum materials or other mineral products in powder or paste state; moulding machines, foundry of sand; cement mixer or mortar mixers
8474 32 000 0	Machinery for sorting, screening, separating, washing, crushing, grinding, mixing or kneading earth, stone, ores or other mineral in solid (including powder or paste) state; machinery for agglomerating, shaping or moulding solid mineral fuels, ceramic compounds, uncured cement, gypsum materials or other mineral products in powder or paste state; moulding machines, foundry of sand; machines for mixing mineral substances with bitumen
8474 39 000	Machinery for sorting, screening, separating, washing, crushing, grinding, mixing or kneading earth, stone, ores or other mineral in solid (including powder or paste) state; machinery for agglomerating, shaping or moulding solid mineral fuels, ceramic compounds, uncured cement, gypsum materials or other mineral products in powder or paste state; moulding machines, foundry of sand; other
8481 80	Taps, valves, valves and similar fittings for pipelines, boilers, tanks, cisterns, tanks or similar receptacles, including pressure reducing and temperature-controlled valves; taps, valves

HS Code EAEU	Item name*
<p>8514 (excluding 8514 19 100 0)</p>	<p>and fittings for sinks, wash basins, bidets, water tanks, bathtubs and similar equipment</p> <p>Industrial or laboratory electric furnaces and chambers (including those operating on the basis of the phenomenon of induction or dielectric losses); industrial or laboratory equipment for the heat treatment of materials using the phenomenon of induction or dielectric losses</p>
8526 91	Radar, radio navigation and remote control equipment; radio navigation equipment
8536 50	Switches for voltage no more than V used in the seismic vibrator electromagnetic speed control pedal of the seismic vibrator electromagnetic sensor
9005 10	Binoculars, monoculars, other spotting tubes and their fittings; other astronomical instruments and their fittings, other than radio astronomy instruments; binoculars
9005 80	Binoculars, monoculars, other spotlights and their fittings; other astronomical instruments and their fittings, other than radio astronomy instruments; other instruments
9006 40	Cameras with instant capture of the finished image
<p>9006 53 9006 59 000</p>	Other cameras
9011 10	Complex optical microscopes, including microscopes for microphotography, micro-cinema or micro-projection; equipped with equipment specially designed for manipulating and moving semiconductor wafers or photomasks
9011 20	Complex optical microscopes, including microscopes for microphotography, micro-cinema or micro-projection; microscopes for microphotography equipped with equipment specially designed for manipulating and moving semiconductor wafers or photomasks
9011 80 000 0	Complex optical microscopes, including microscopes for microphotography, micro-cinema

HS Code EAEU	Item name*
	or micro-projection; other microscopes
9012 10	Microscopes, other than optical microscopes; diffraction apparatuses; electron microscopes equipped with equipment specially designed for manipulating and moving semiconductor wafers or photomasks
9015	Geodesic or topographical (including photogrammetric), hydrographic, oceanographic, hydrological, meteorological or geophysical (seismic, seismoacoustic) instruments and instruments, except compasses; rangefinders, etc.
9022 13 000 0	for use in dentistry, other
